Thank you for the offer to bring the documents to the building. The morning is best, but I can be free whenever you are available. Thank you.

Sequoyah, I have hard copies of the documents but electronic copies of only a few. And some of the hard copies are poor copies and will not pdf well (I can control the darkness on copies but no pdfs...)

I usually do final Christmas shopping at the Interior Indian Craft shop and have not done that yet...so, I propose to just bring you hard copies of all the documents & finish my Christmas shopping at the same time! Does that work for you? Is there a time that you'd prefer I drop these off?
